Housing Authority of Henderson
Bobbie Jarrett, Executive Director

June
2023

Summer is upon us, and the hot and humid weather will soon be here. In reviewing excess utility bills for May, we found many residents had excess electric bills in the \$20 to \$40 dollar range. Last month while conducting a semi-annual unit inspection of a development, staff found several occupied units with their storm doors open, windows up and air conditioning units with the thermostats set below 65 degrees.

THIS IS A VERY WASTEFUL PRACTICE AND YOU CANNOT CONTINUE TO OPERATE IN THIS MANNER.

Therefore, in preparation for the extreme hot weather that the months of June through August often bring, the following energy-efficient measures should be practiced, keeping both the Housing Authority and the resident utility costs down.

- Check to make sure all windows are closed and locked.
- Keep entrance doors closed.
- Set the thermostat no lower than 75 degrees. Turn up the thermostat at bedtime and when leaving your residence for any extended period.
- Make sure the air filter is clean. If not, call the office, and the maintenance department will bring a new filter.

Summer Camp

The Housing Authority of Henderson will host a Youth Summer Camp in the month of June. The Camp will be fun-filled and educational. The Camp will offer field trips such as museum and parks, crafts, games, and lots of fun. Please call Mrs. Donna at the CAT Center for more information.

Remember, school is out, so please **have a safe and fun-filled summer.**

June birth flowers are rose and honeysuckle.

June babies can brag about having one of the most popular flowers of all time as their birth flower! Available in a huge range of colors, all of which have different meanings, roses are suitable for pretty much every occasion.

The birthstone representing June is the pearl.

Individuals born in June are truly lucky to be born in the only month with an organic birthstone, meaning that the gem is not formed over long periods of time in the Earth, but, by a living organism.
